# Event Speakers

#### Ashley Flagge, PhD, AuD, CCC-A

Dr. Ashley Flagge is an Assistant Professor of Audiology at the University of South Alabama, and currently serves as the USA PhD Program Coordinator. After working clinically for several years in the areas of hearing and vestibular diagnostics, Dr. Flagge co-founded the Vestibular and Balance Lab at USA. Her recent research has focused on the influence of physical training on vestibular function, and the effects of stress, anxiety, and personality on vestibular and balance outcomes.

#### **Presenting Sessions:**

The Role of Anxiety in Vestibular Diagnosis & Management

Vestibular Dysfunction & Assessment in Pediatric Populations

## Lillian Stiegler, PhD, CCC-SLP

Lillian Stiegler retired as full professor of Communication Sciences & Disorders at Southeastern Louisiana University. She has over 40 years of experience as an SLP. She contributes to the professional literature and delivers conference presentations and CE workshops. She created Louisiana's first graduate-level CSD course on ASD, incorporating a mini-camp for children on the spectrum. Dr. Stiegler is active in advocacy for the profession, and provides consultation services to families, colleagues and school systems.

#### **Presenting Session:**

A Language-Based Approach to Managing Echolalia

### Michelle Dawson, MS, CCC-SLP, CLC

Michelle Dawson, MS, CCC-SLP, CLC, is a speech-language pathologist and host of the weekly podcast "First Bite: Fed, Fun, Functional", presented by http://Speechtherapypd.com. She authored "Chasing the Swallow" and lectures nationally on best practices for treating medically complex infants, toddlers, and children with pediatric oropharyngeal dysphagia, pediatric feeding disorder, and language acquisition in Early Intervention. Michelle is a past president of the South Carolina Speech, Language, and Hearing Association and a 2020 recipient of the Pediatric Feeding Disorder Awareness Champion award. She received the Louis M. DiCarlo Award for Outstanding Clinical Achievement from the South Carolina Speech, Language, and Hearing Association and the State Clinical Achievement Award from the American Speech-Language-Hearing Association's Foundation in 2021. Michelle is also recognized as an ASHA Innovator and has received the ACE Award for continuing education nine times.

#### **Presenting Session:**

Pediatric Feeding Disorder: Dynamic Assessment and Meaningful Goal Writing from El to LEA

## Phuong Lien Palafox, MS, CCC-SLP

Phuong Lien Palafox, MS, CCC-SLP is a Vietnamese-Chinese bilingual speech-language scientist, author and advocate. Currently, her time is spent empowering clients and their families, speech-language pathologists and educators across the United States. Her work has been featured in various publications including the American Journal of Speech-Language Pathology and content for the American Speech-Language-Hearing Association. With a foundation of evidence-based and human-centered practices, she is continually invested in Culturally Responsiveness and Sustaining Practices, Advocacy, Narrative-Based Interventions and the Mental Health of Educators. She is the author of The Heartbeat of Speech-Language Pathology, a resource utilized in University courses, school districts and professional organizations.

Attendees leave her presentations and storytelling feeling validated, refueled and reengaged in their meaningful work. You can find more information at http://www.phuonglienpalafox.com/

#### **Presenting Sessions:**

**Culturally Responsive Assessment Considerations** 

Head and Heart of Speech, Language & Hearing Sciences: Feelings, Fire & Fuel

### Tena McNamara, CCC-A/SLP

Dr. McNamara is employed as an audiologist with Mueller Pediatric Therapy and as a consultant with the Department of Education, Hawaii. She retired as an Associate Professor from Eastern Illinois University's CDS department and worked 27 years as an educational audiologist with the Special Education Association Peoria County. She cochaired the ASHA 2021 Convention and is currently ASHA President-Elect. Her concentration is in intervention for individuals with hearing needs, audiological assessment, literacy, and auditory processing.

#### **Presenting Sessions:**

Listen and Learn: Auditory Skill Training for Children and Students

DEIB@A: Disability and Ableism

### Teresa Laney, MS, CCC-SLP

Teresa Laney is an Early Learning Collaborative Coordinator for the Mississippi Department of Education, Office of Early Childhood. Teresa joined the Mississippi Department of Education (MDE) in June 2015. In this role, she provides technical assistance and guidance to LEAs in managing early childhood grant funds and fosters relationships between the LEA and Head Start in the collaboratives. Teresa is also the speech-language contact for the MDE and has seven years' experience in special education at the SEA level.

#### **Presenting Session:**

MDE Updates 2023

# Theresa H. Rodgers, MA, CCC-SLP, BCS-CL, EdSp, F-ASHA

Theresa H. Rodgers is an ASHA Fellow and an SLP in the metro Baton Rouge area. She is a former Chief Administrative Officer for a government entity, and a former special education supervisor and SLP in Louisiana where she was employed for thirty-three years by the Ascension Parish School System. Theresa was the 2020 ASHA President, is a former Chair of the Board of Ethics and was on ASHA's recent Code of Ethics Revision Subcommittee.

#### **Presenting Session:**

Ethical Decision-Making: What You Need to Know in 2023

### Tiffany P. Hogan, PhD

Tiffany P. Hogan, PhD, is a Professor in the Department of Communication Sciences and Disorders at MGH Institute of Health Professions in Boston, Director of the Speech and Language (SAiL) Literacy Lab and the center for translational research, implementation science, and dissemination for equity in CSD, (cTIDE), Research Associate at Harvard University, and inaugural research affiliate for the Boston University Center for Anti-Racist Research. Dr. Hogan has published over 100 papers on the genetic, neurologic, and behavioral links between oral and written language development, with a focus on improving assessment and intervention in schools, especially for neurodiverse children with Developmental Language Disorder, Dyslexia, and/or Speech Sound Disorders. Her advocacy for children with language, speech, and literacy disabilities has led her to cofound a DLD informational website: www.dldandme.org, host a podcast (https://ecs.page.link/evSfa), organize an annual conference on implementation science in CSD, and contribute information for articles in numerous news outlets including the New York Times, the Boston Globe, along with several television and radio appearances.

#### **Presenting Session:**

Language Comprehension and DLD: The Other Side of the Simple View of Reading

### **Anthony DiLollo, PhD, CCC-SLP**

Anthony DiLollo, PhD, CCC-SLP is a Professor and Director of the Davies School of Communication Sciences and Disorders at Texas Christian University. He has published and presented in the areas of counseling, fluency disorders, critical thinking, and qualitative research in communication sciences and disorders. He is co-author of Clinical Decision Making in Fluency Disorders and Counseling in Speech-Language Pathology and Audiology: Reconstructing Personal Narratives.

#### **Presenting Sessions:**
